WHO WE ARE

More than 30 years ago, our founder had the vision of offering the national and international markets some products derived from oil seeds **that are grown in Mexico**.

Our goal is to nourish lives while developing sustainable solutions, with **the best integration from the field to the table**, with solid values based on our people, service and quality.

We have a presence in more than **32 countries** around the world and a great team of more than **2,000 employees**.

SUSTAINABILITY

At **Grupo Sesajal®** we constantly take care of the resources that surround us, and we are committed every day to future generations. **Our main value is sustainability in its 3 dimensions: social, environmental and economic.**

CRECE is our sustainability program through which we manage this great purpose that represents the pact and responsibility we have with the environment; this is distinguished by four pillars:

Commitment and Responsibility to our Employees,
Community and Environment.

QUALITY OF LIFE

In charge of improving the conditions and opportunities of our employees and their families working in various programs.

ENVIRONMENTAL PRESERVATION

Focused on the integration of business practices and strategies to mitigate environmental impact.

LINKED WITH COMMUNITY

Through our González Iñigo Foundation A.C., we promote the development of communities through education, health and housing.

BUSINESS ETHICS

We protect the human rights of our stakeholders, based on work habits and ethical commitments with suppliers.

FOOD QUALITY

We are proud to comply with the following International Regulations:

COMPETITIVE ADVANTAGES

At **Grupo Sesajal**® we constantly take care of the resources that surround us, and we are committed every day to future generations. **Our main value is sustainability in its 3 dimensions: social, environmental and economic.**

We ensure the quality and safety of our products

CORN OIL

CONVENTIONAL

USES

- Ideal for frying

BENEFITS

- High in Omega 6
- Free of preservatives

SHELF LIFE

- 18 months in presentations of less than 5.20 gallons
- 12 months in presentations of more than 5.20 gallons

Our corn oil is another option that can be used at high temperatures due to its smoke point. Because of its neutral flavor, you can add it in the preparation of your favorite dishes without modifying the taste of your food.
